98-170 and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am a stay at home mom of 3 children. At this point in our lives every single penny counts. I purchased a tracfone simply because I am able to pay as I go with no monthly fees to worry about. If you feel the need to tax someone, charge the families in the rural areas. Better yet, don't give yourselves a raise for the next couple years. Think of all the hundreds of thousands of dollars that could be saved over just a few years.

Sincerely,
Susan M. Spinks

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.
